

Lake Forest College Holography Lab Excavation

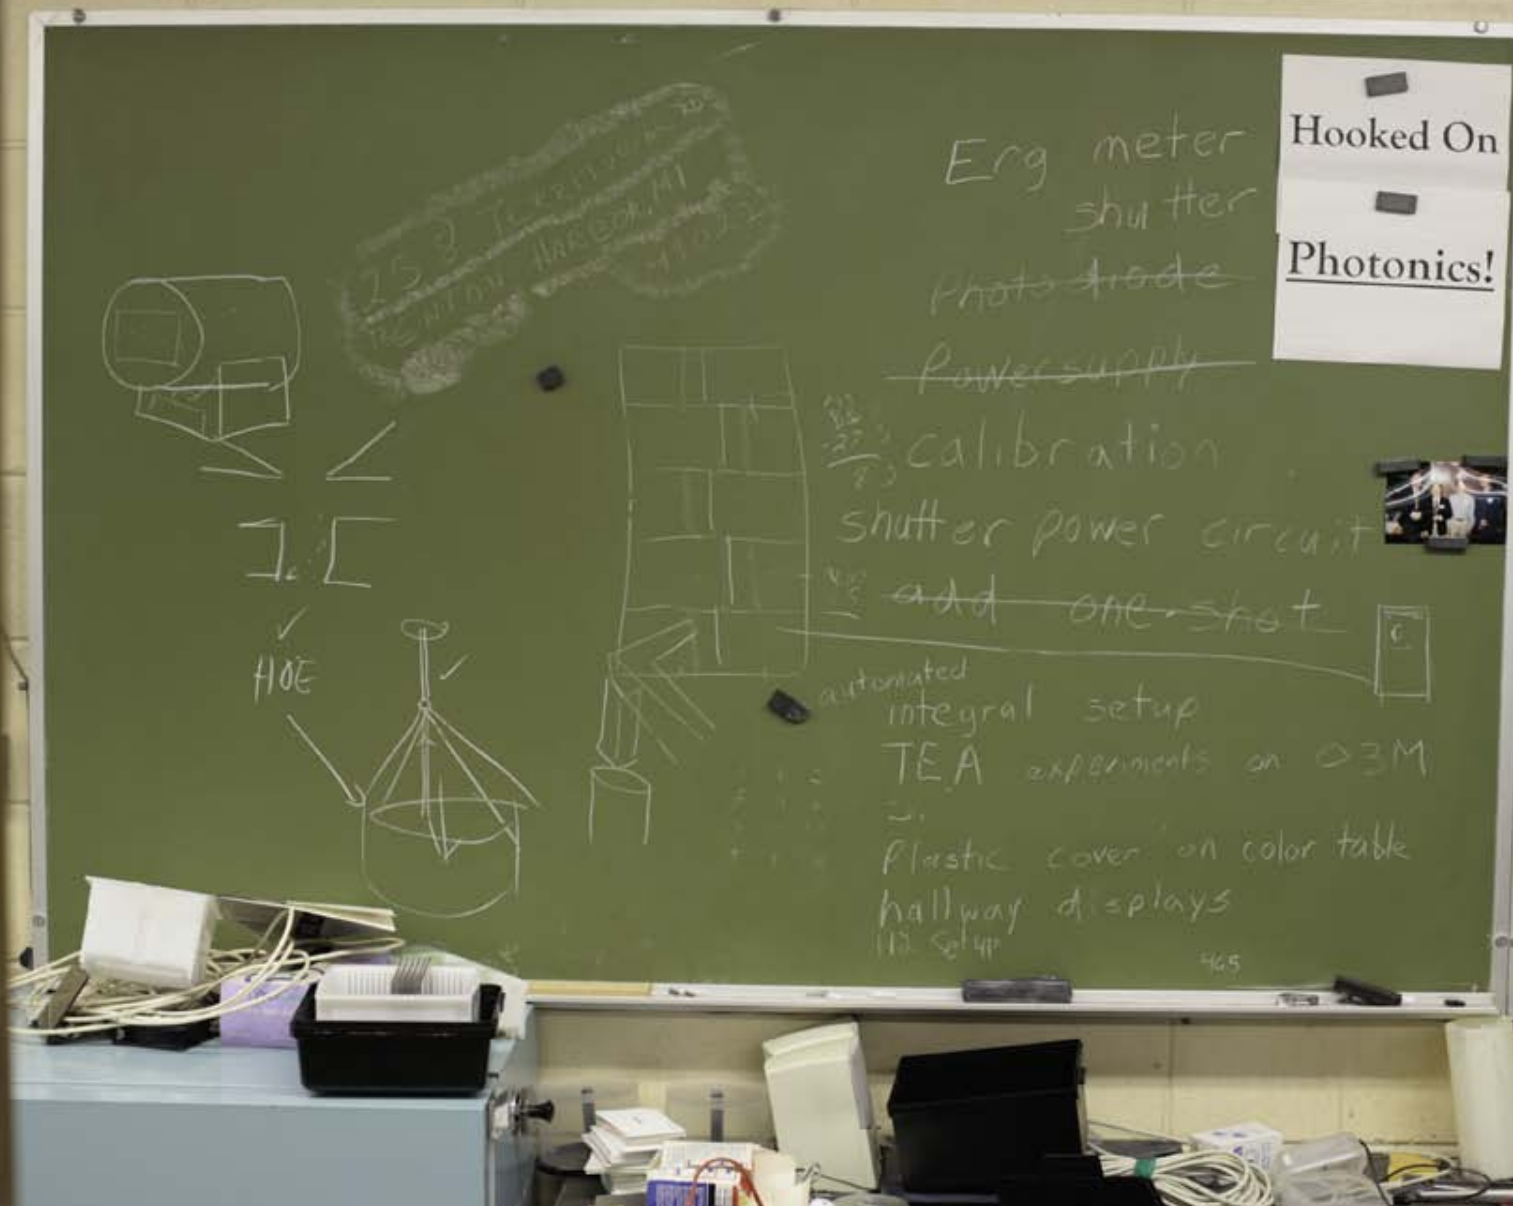

Summer/Fall
2008

THE
ANAÏT LABORATORY
FOR
PULSED LASER
HOLOGRAPHY

Plaque outside lab

Ed Wesly's son Edward ponders the mess

Hooked On
Photonics!

Eye-ease green blackboard on right wall

Blue-M Oven for
baking photopolymers

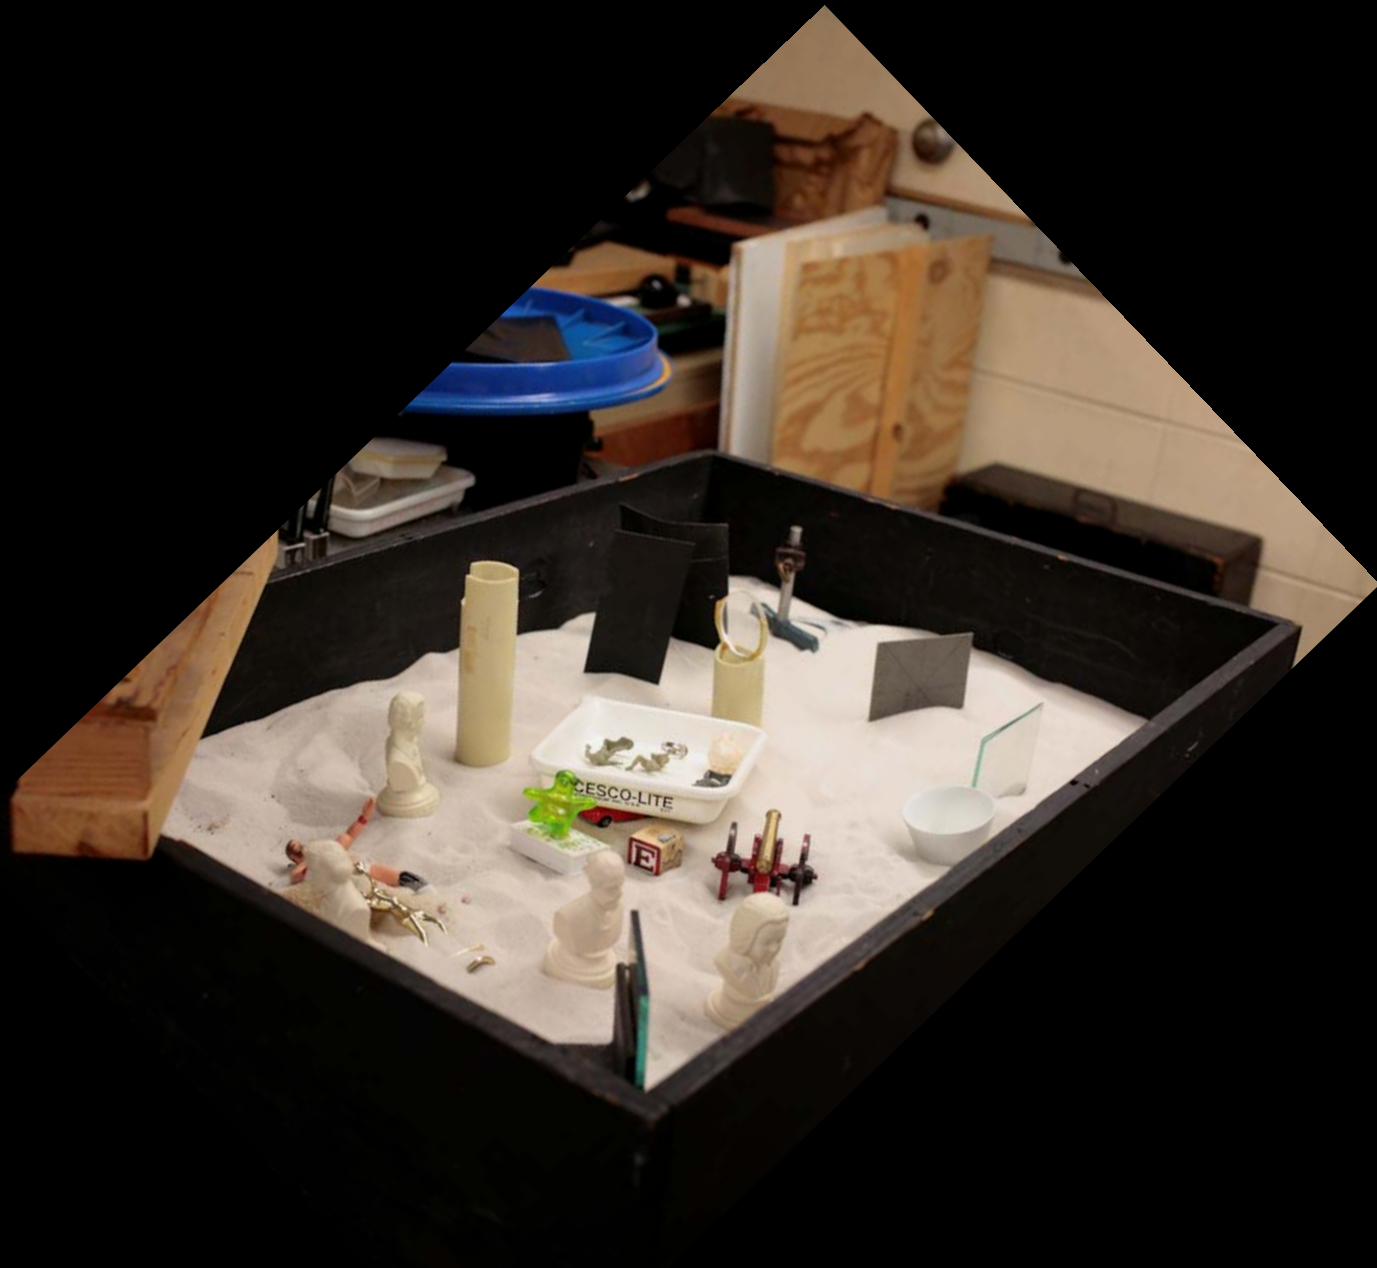

More right wall, sandbox in center of room

Sink on right wall

View from right wall sink

Last sandbox at LFC

Where does this bunch
af hoses go to?

To Anait's HLS-2

HLS-2 feeds into optics on Newport mini table

Holographic Portrait Subject sits inside of "cage".

Portrait optics on table, with its plexiglass cover

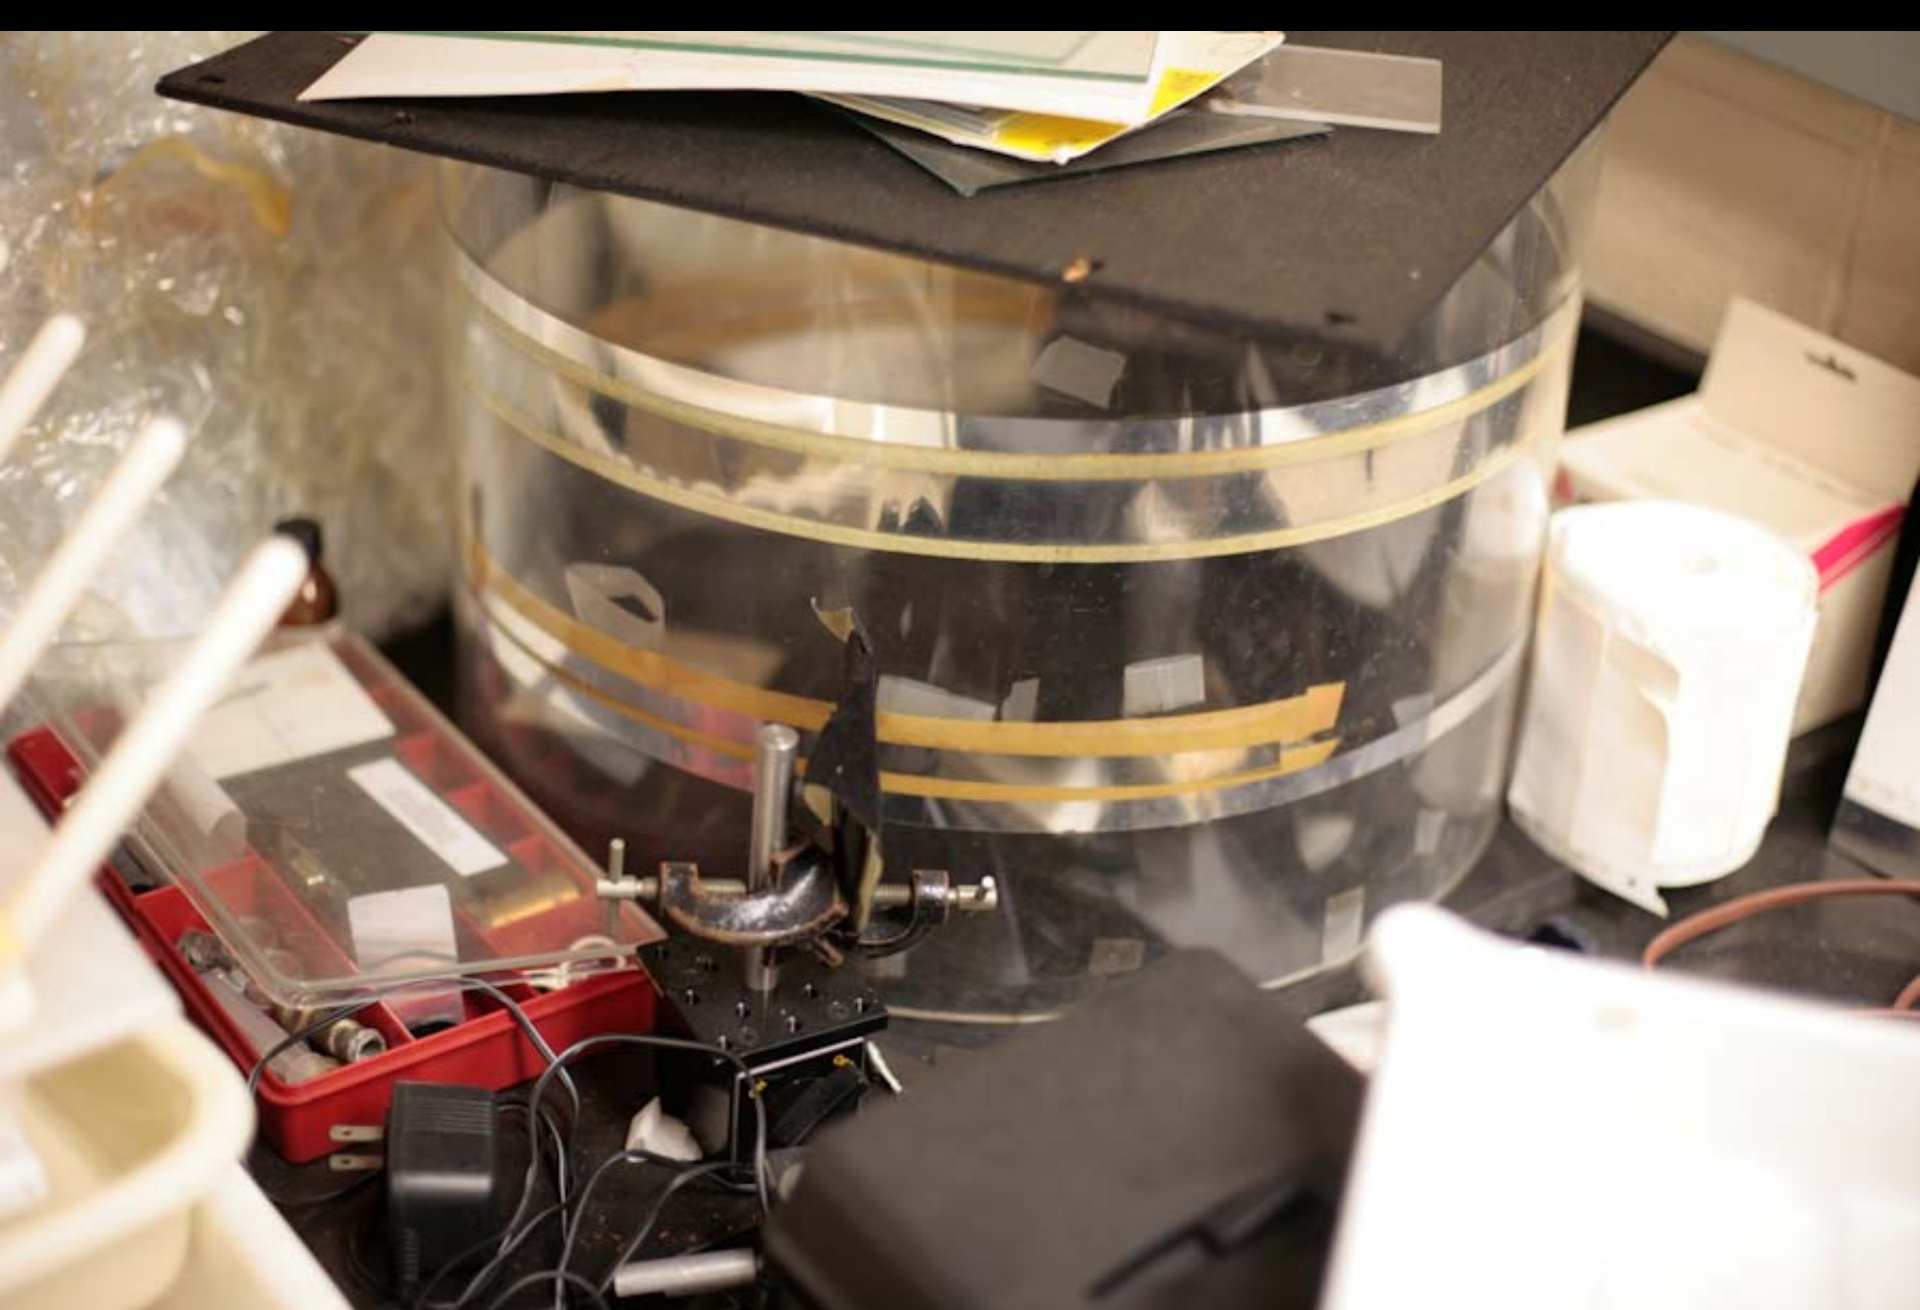

Close up of Optics Table

Optics Table Detail

Corner where back wall meets left wall

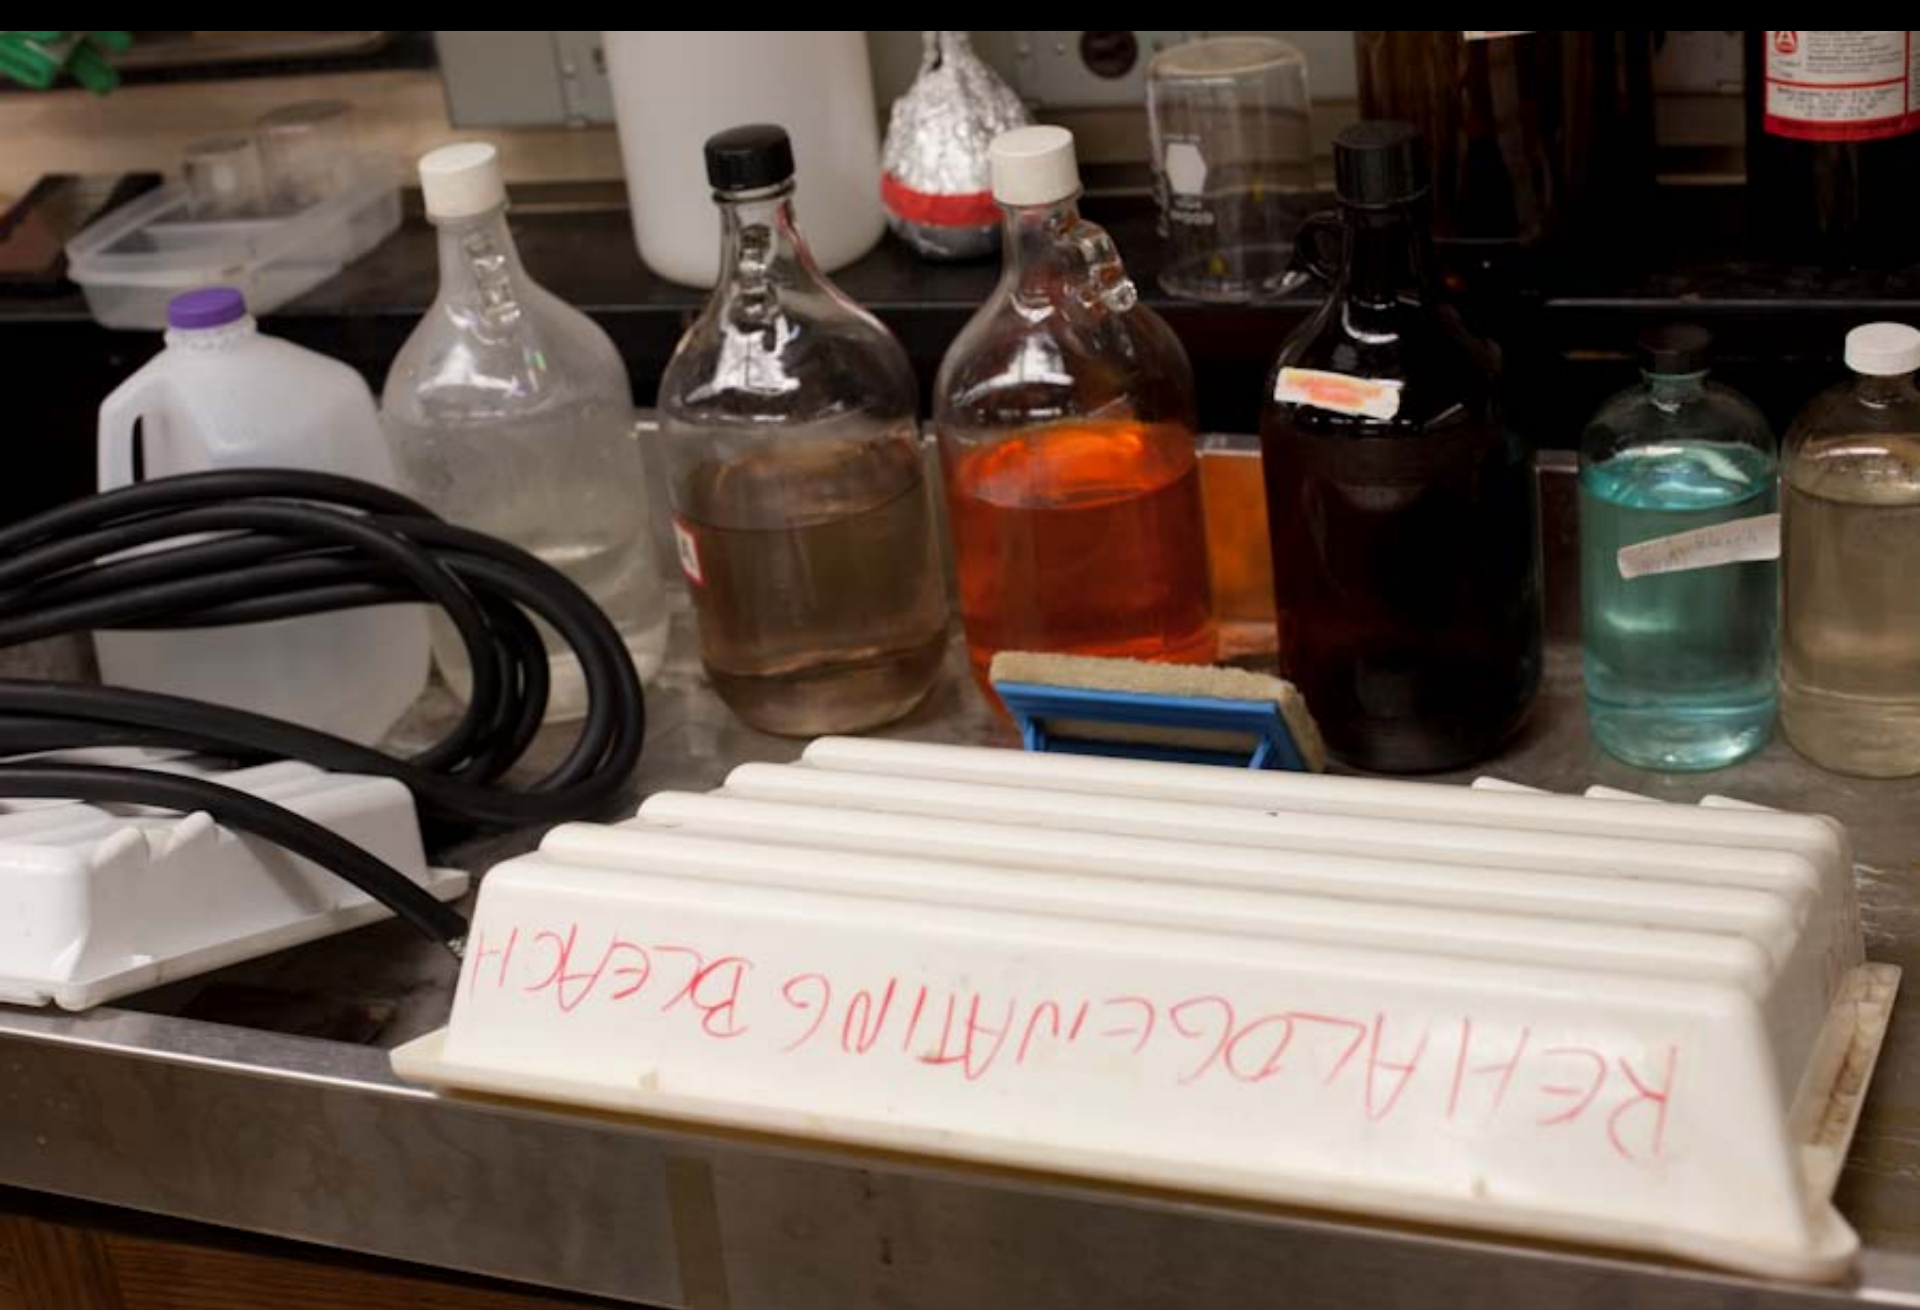

All kinds of stuff in the corner

Beaker dryer

Darkroom sink on left wall

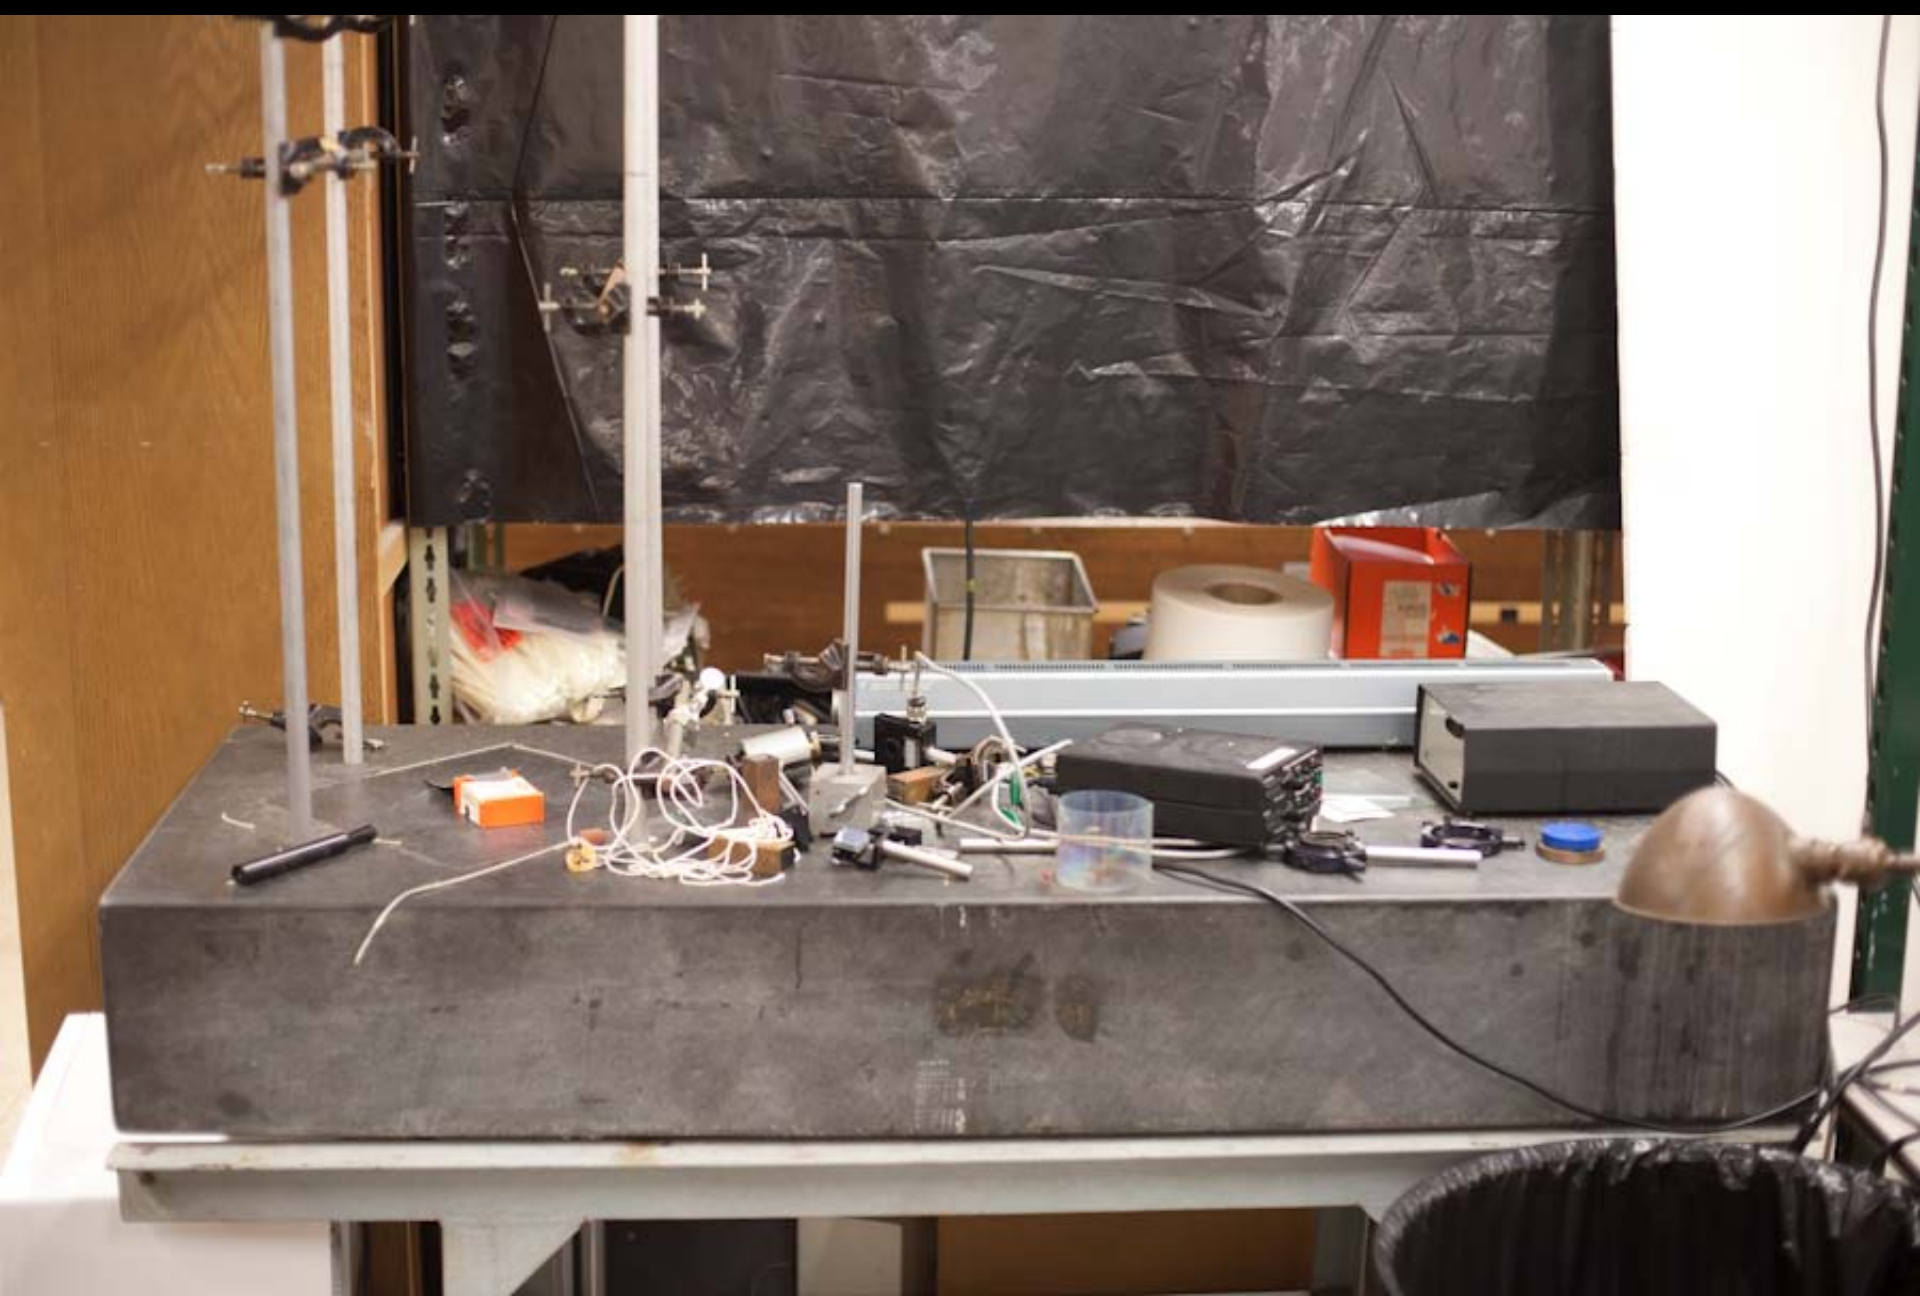

Darkroom sink detail

Chemical mixing and weighing station under fume hood

Left wall meeting front wall corner

Granite slab table in middle of room

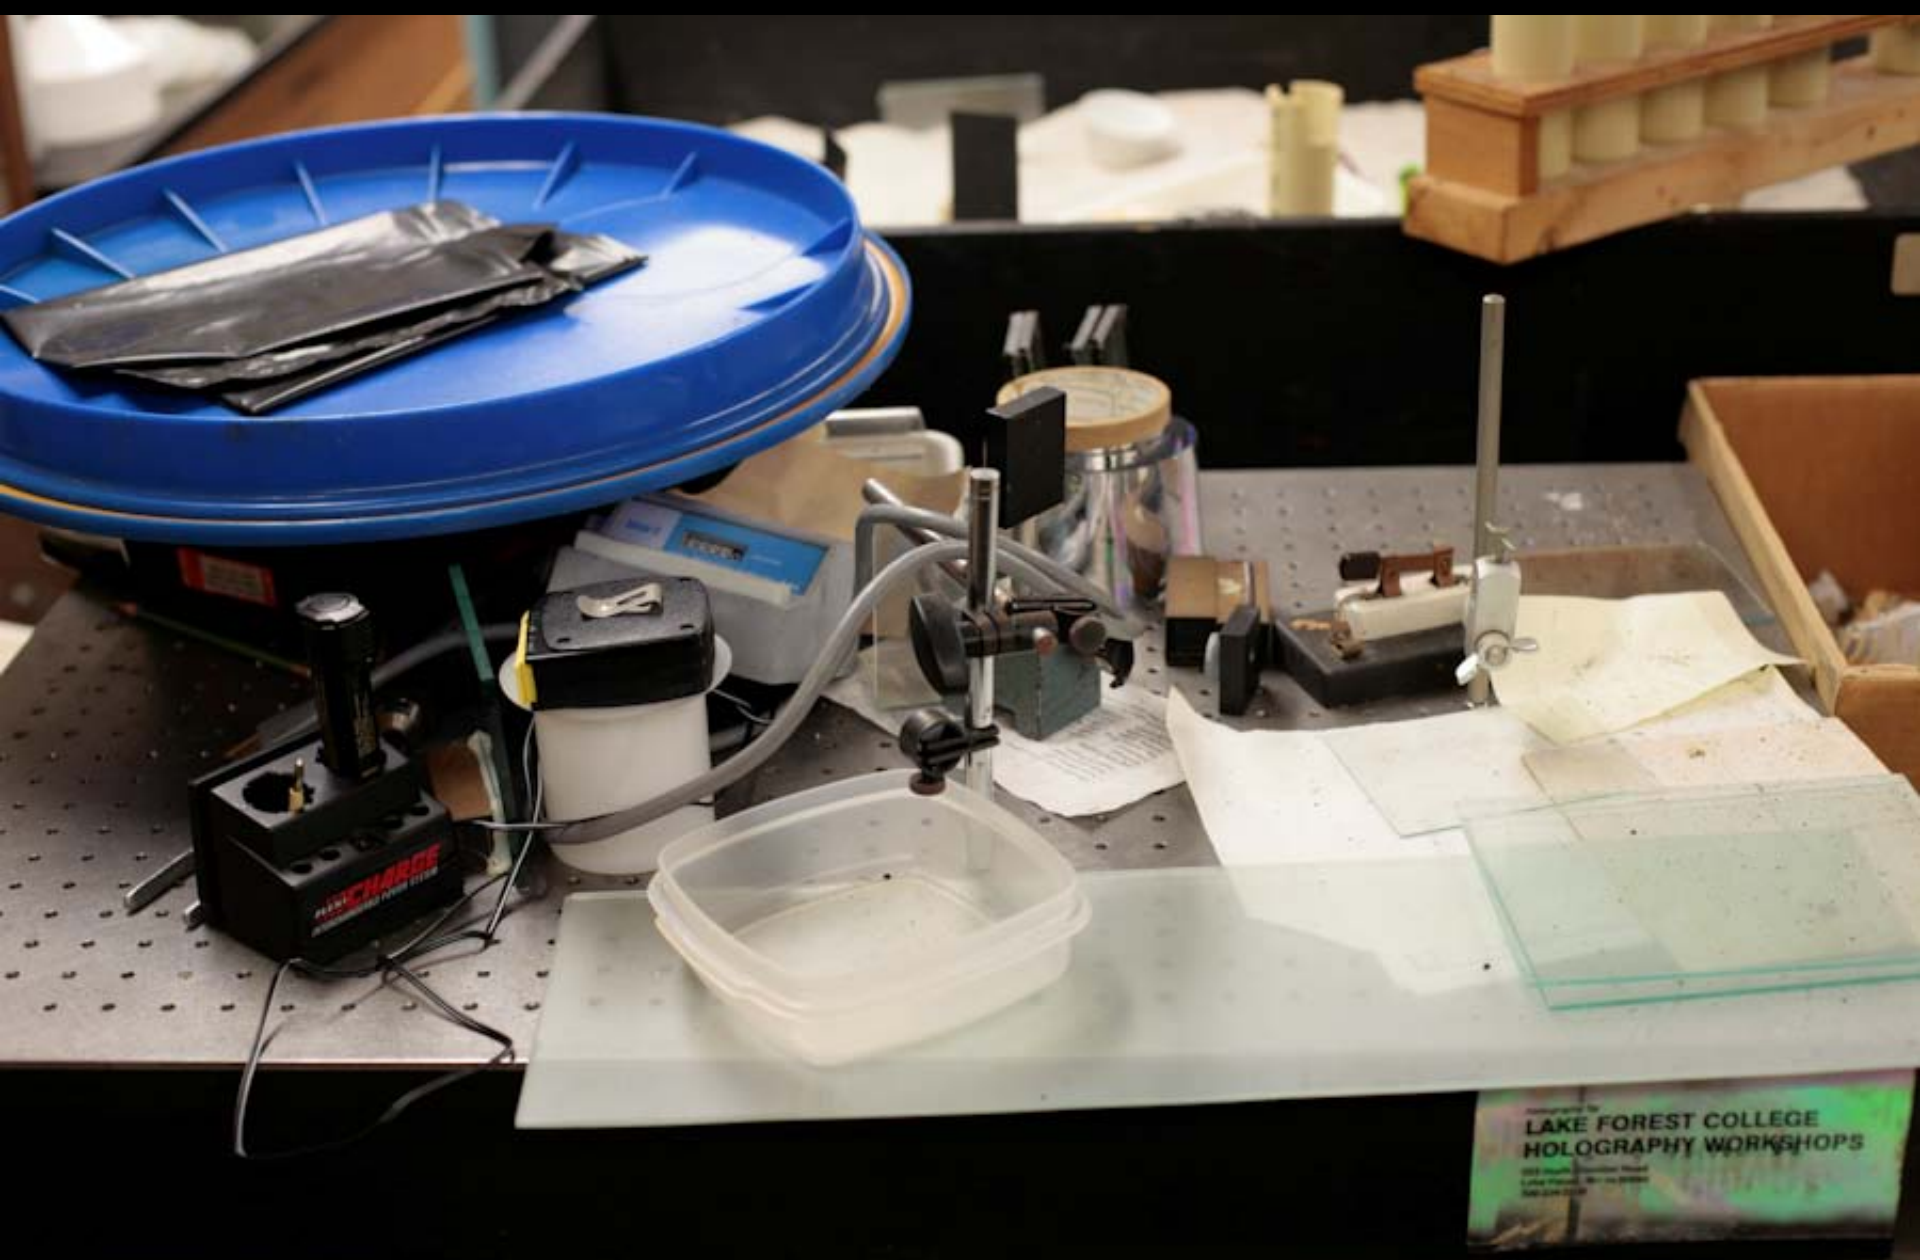

Table
of stuff in
middle of room

Stuff under table of stuff in middle of room

Details of stuff on Newport Mini-Table in middle of room

Boxes of stuff on shelf in middle of room

Boxes of stuff on shelf in middle of room

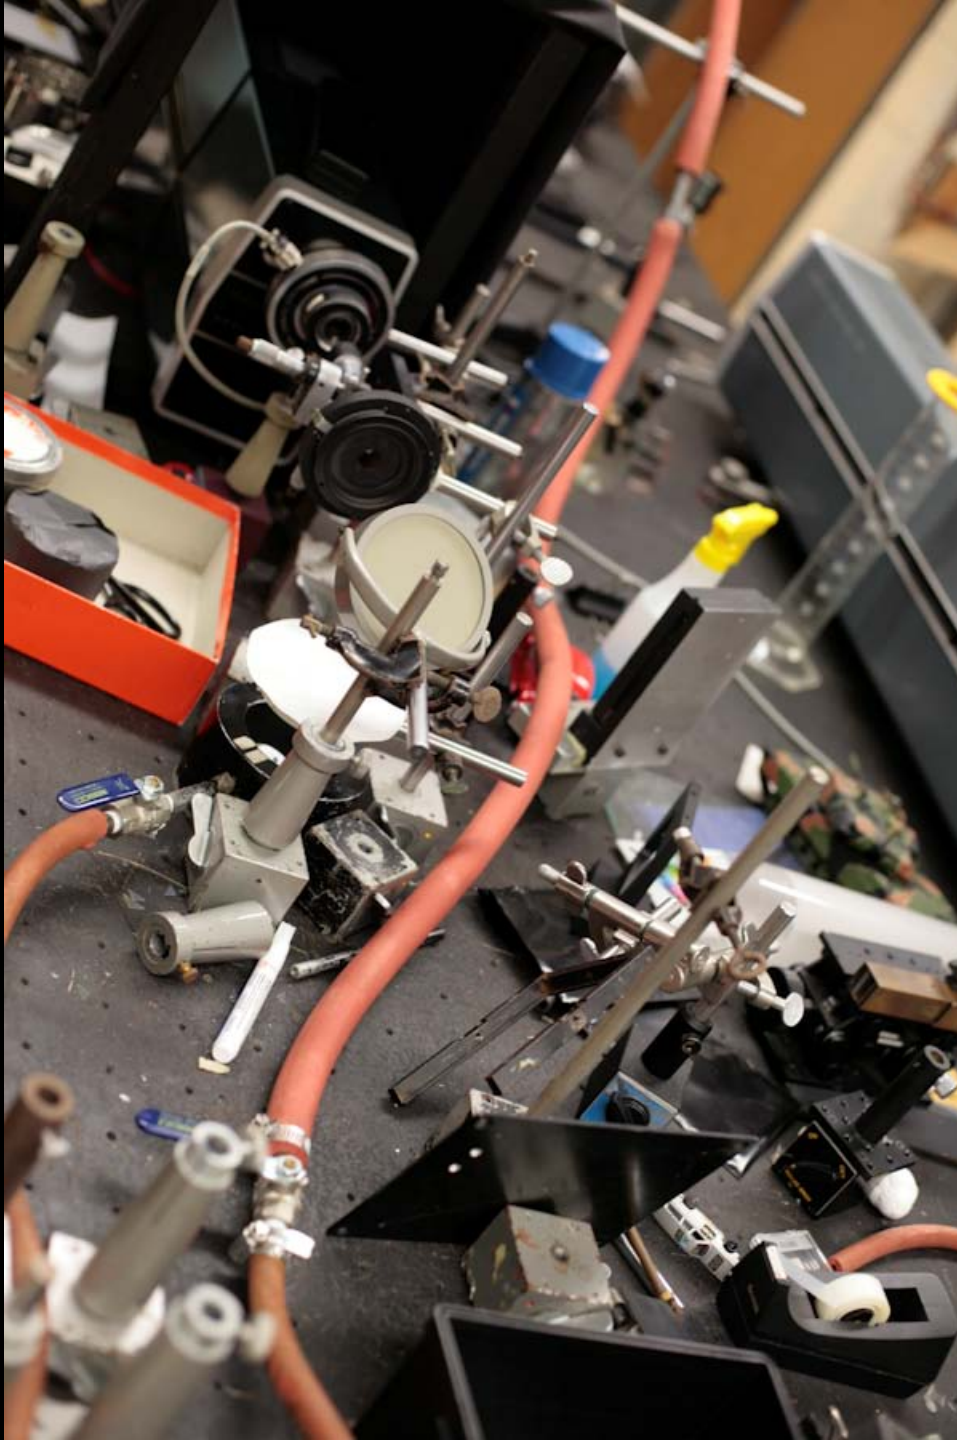

Even more stuff on shelf

Entrance end view of Modern Optics table

Stuff on Modern Optics Table

Stuff on
Modern Optics Table

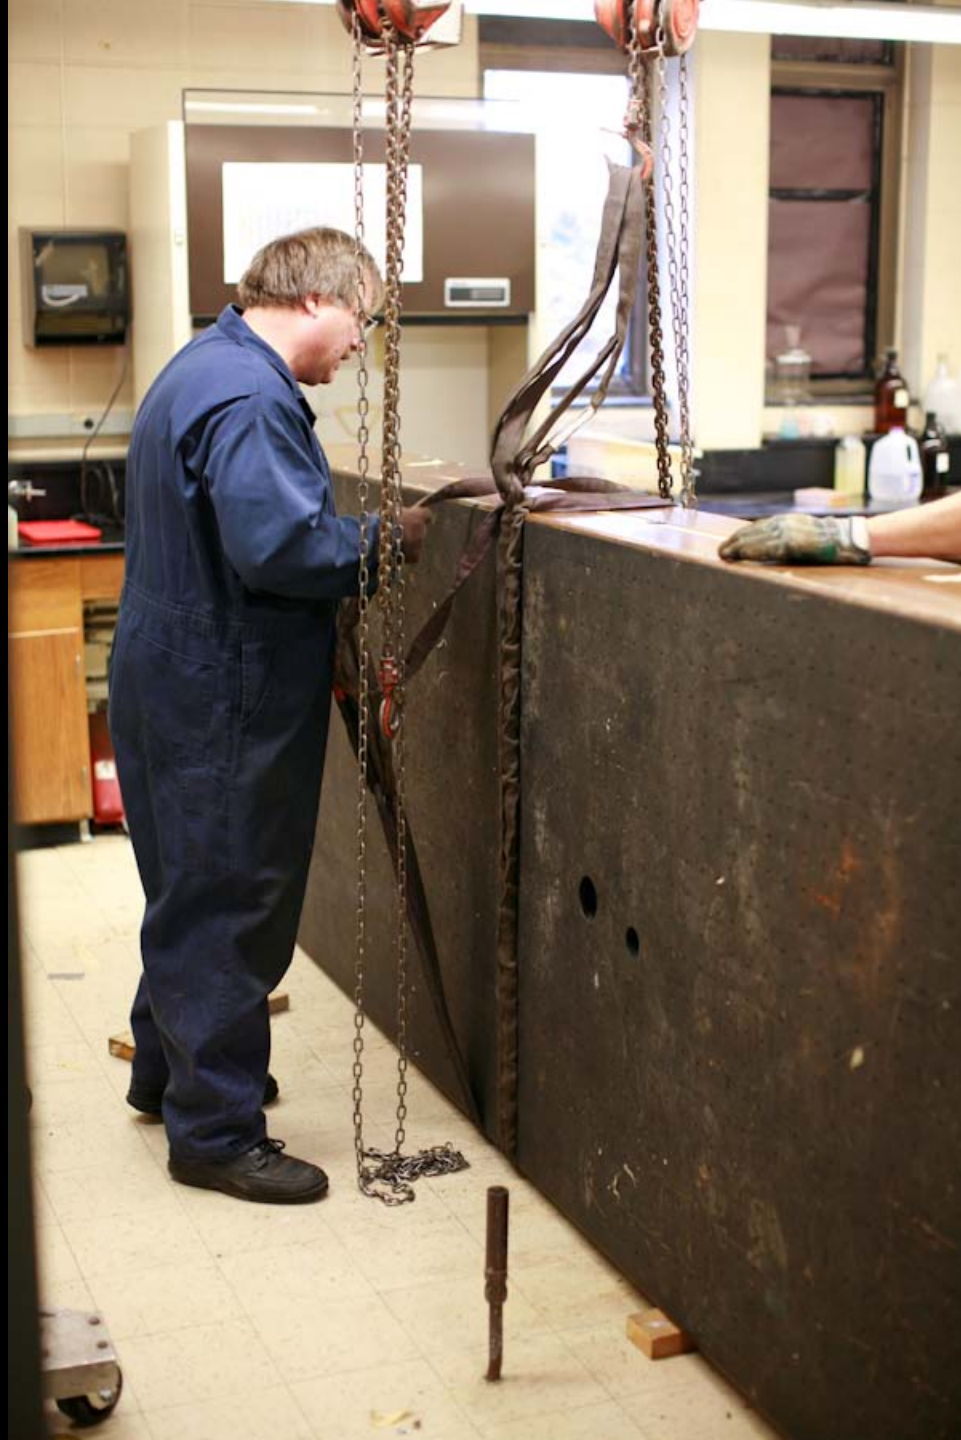

All the stuff on the
Modern Optics Table
from the opposite end

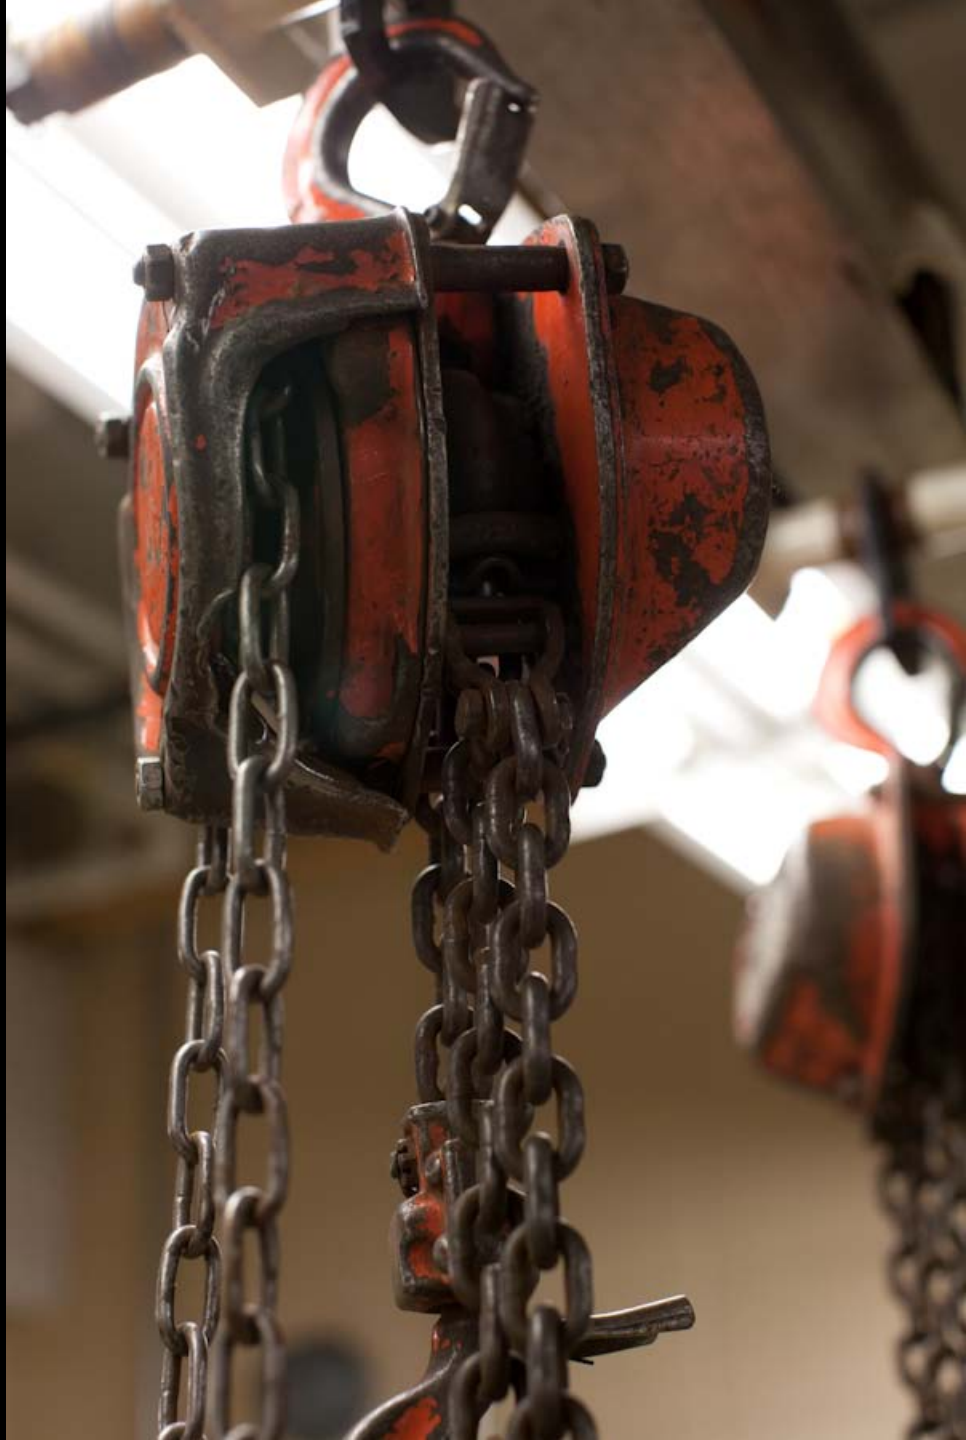

TJ and the movers and the Modern Optics Table

Out of the basement

On the truck

Modern Optics Table on South Neenah Avenue, Chicago, IL USA

Modern Optics Table installed at the Studio of E. Wesly & Sons, Chicago, USA
